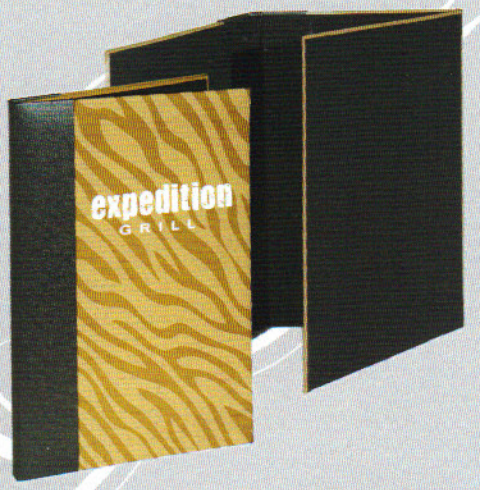
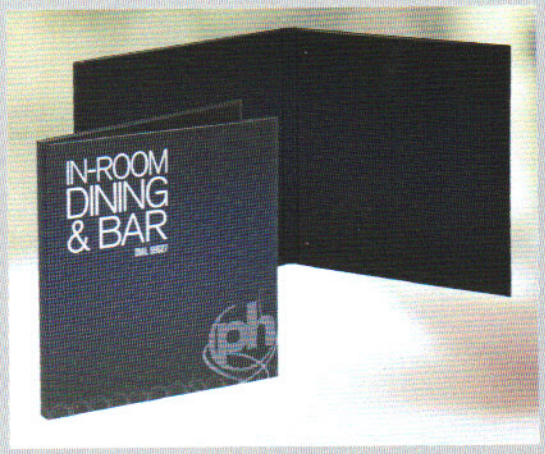
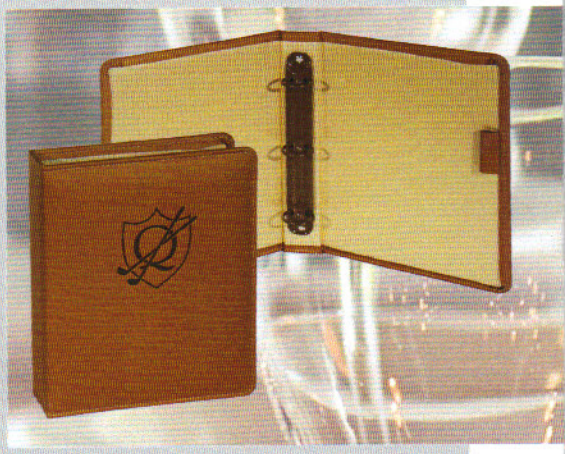
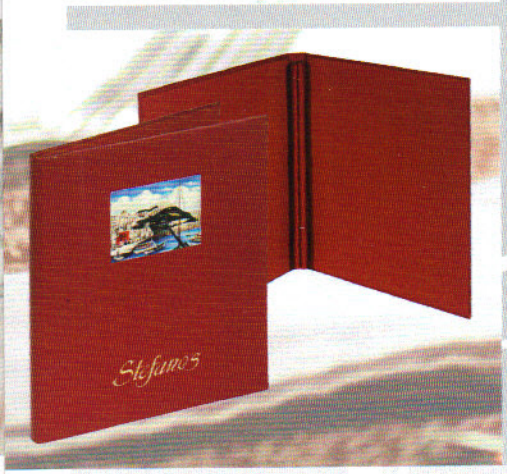
Custom Products For The Hospitality Industry

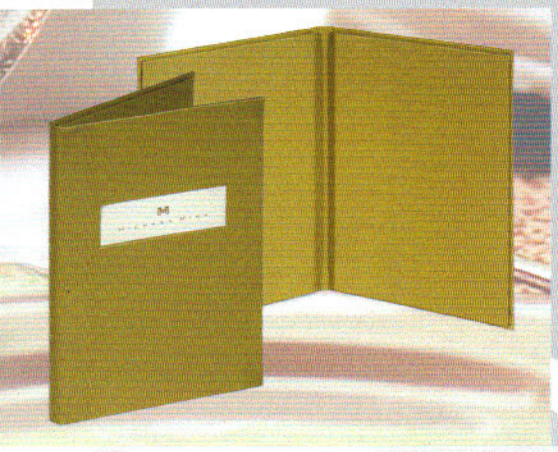


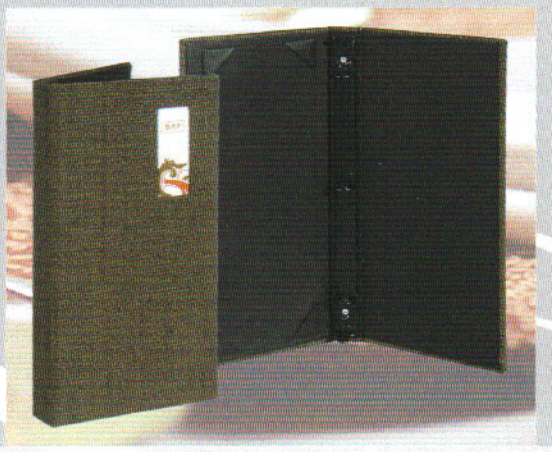
We specialize in the manufacturing custom menu covers and products for the Hospitality Industry. Our craftsmen have many years of experience, with capabilities to handle unique creations in various materials, shapes and sizes.







We pride ourselves on the wide array of processes and use of the highest quality materials available for your project.




The Hospitality Industry is demanding and dynamic. Creating different and exciting branded materials can be the key to success. We look forward to helping you create that visual presentation that will be remembered.
